Philippa and I were "marooned" in Cairo for several months whilst on business whilst we resolved issues with a project for the construction of 10,000 villas on the plateau adjoining the Pyramids, to be known as Pyramids Oasis. We lived in what we knew as SPP Villa [now re-developed but the approximate location was 29.993155028165923, 31.124930152793787] with the managing director Tony McLellan and his wife, Rae. Whilst the project ultimately failed to proceed we had the opportunity to see much of the country and its fabulous history.
